

Security

When you book online, your personal and credit card details are transmitted over a secure link to our server using industry standard encryption technology. This server handles your booking by processing the credit card transaction and then forwarding your order in encrypted form to our administrator. At no time do we transmit unencrypted personal information over the Internet. Although we do retain your details in a secure area of our server so that you can order more easily the next time you visit. This information is never passed on to a third party.

Cookies

We use cookies (a small piece of text placed on your hard drive) so that you may browse and purchase services. Our cookie contains a unique number that is only valid for a 30 day period whilst you complete your booking. Please note that other sites with links to us (eg. sites we advertise with) may use cookies and may collect additional information about you. The Moran Hotel Group are not responsible for the information policies of these sites and advise users to acquaint themselves with their respective policies.

The Moran Hotel Group undertakes that it will never;

- Sell, trade or rent any of your personal details to any other company or organization.
- Send you promotional emails unless you have specifically signed up to receive such information

The Moran Group's success depends on our discretion and our understanding of the importance of your privacy. If you have suggestions for enhancing our privacy policy or indeed any other queries please do not hesitate to contact us.
